VOLUME 27
NUMBER 3

Your complete guide to this issue's **BONUS VIDEOS**

This issue comes with 9 full-length bonus videos. There are no strings attached. After you're finished jacking off to your favorite cutie in this magazine, head online and watch other stunning amateur babes cum in HD. There are three XXX scenes with jizz-hungry newbs and six solo sluts.

As always, these bonus videos are absolutely free. They can be played on your PC, laptop, Mac, iPhone, iPad, smartphone or tablet. You can stream them in your home or on the go! No email, credit card or personal information will be requested. You'll also get a free digital version of the entire issue so you can take *Naughty Neighbors* anywhere you go.

Here are the highlights of this issue's bonus scenes.

Hannah Hays loves anal fucking.

Even in this spectacular solo scene, she needs to have her tight, pink ass filled with something in order for her to cum. Watch as she licks a glass buttplug and then slides it right in.

Alexa goes for a cock ride outdoors.

She describes herself as "an easy lay" if she thinks a guy is hot. She liked our stud, so she stripped naked and got on top for an al fresco pounding.

Brunette Miranda likes power.

She told us that her favorite position is the piledriver because it makes her cum like crazy and she enjoys having the man be in control.

Bunnie is so adorable!

Watch this fresh-faced teenager finger her wet pussy in her backyard while talking about licking clits and sucking dicks.

Maddie is a 20-year-old cutie.

This skinny blonde with a big smile is nervous in front of the camera. But, she loses her jitters when she makes herself cum hard. You'll adore this girl.

How does Kelsey deal with boredom?

She does yoga, watches TV and fingers her tight slit until she has a back-arching, toe-curling orgasm. This Dallas-born 19-year-old brunette has great tits.

You're gonna love Brooke Haze.

First of all, she's 19 and enthusiastic. She's also wearing a blue string bikini underneath her shorts. It's revealing, but she ditches it quickly to show you a tight little package that's spectacular.

Natalia is barely legal and spread.

She wants to be a big star. She's achieving that goal by spreading her little starfish for you guys. This gal is loud when she cums. Fair warning.

We hope you love Bush Babies.

Nina returns to show you her thick and curly crotch fuzz. It's a forest down there, and her pussy is almost always wet, so her pheromone-rich slit is constantly ready for your cock.

Behind Closed Doors

Discovering the shocking kinks & fetishes of girls-next-door.

Featuring:
Annabel

From: Missouri
Height: 5'5"
Bras: 30E

"I have a lot of fetishes," Annabel, a Kansas City native, told us. "I love bondage, suspension, and hard fucking. I'm very into the Daddy/Dom fetish. I love being spanked, and I love being choked. I'm also an exhibitionist. I love sucking cock in movie theaters or while driving around town. I'm good at blowjobs, too. If a guy fingers me while I'm sucking, I'll definitely cum."

Annabel does a sexy striptease and fingers her pussy in our issue NN2601. You can also see her explosive XXX video on eBoobStore.com.

Josephine

Lviv, Ukraine

Josephine is the kind of girl you'd have to check out if you saw her in public, even if your old lady were standing next to you and you knew you'd end up in the doghouse. Her massive tits, tight tummy and great curves are worth the potential trouble you'd get into.

We asked this European beauty if she has trouble finding bras that fit. "You wouldn't believe how hard it is," she told us. "I don't even know my right size. I only wear sports bras when I go to the gym or for a run, to tell you the truth. Otherwise, I hate wearing them. If I could, I would just be topless all of the time."

She's looking for more.
"I'm not a size queen, but I love a thick cock. It's not completely necessary, but I like when a guy has a little extra meat down there. The only time a well-endowed guy is a problem is when I want anal. Then, there is such a thing as 'too big.'"

Ali, 19

**They're young amateur girls.
Where else are they going to find
nice hard cocks to suck and fuck?**

These girls-next-door are horny as hell and don't want to go to their boyfriends' houses. So, they knock on the doors of their neighborhood, hunting for hard dicks to please. They're in luck because guys just like you are willing to help them fill their holes and pump and spray them with cum. Little Ali has the face of an angel (until it's showered in jizz). Some boy must have told Daphne to make eye contact when she sucks cock because she stares down the camera as she gulps a massive shaft down her hot throat.

You can stream it now @ eboobstore.com

Kourtney, 23

Kourtney has the mouth of a sailor. She seduces her neighbor and lets him lick her pussy before hopping onto his dick and riding it like a bucking bronco. He ends up tapping out (by slapping her ass) because she's gonna make him nut, and he wants to pop on her face! Asian beauty Emerald sucks a cock outdoors, gets licked in a 69, then gets her slit pounded!

Emerald, 22

You can stream it now @ eboobstore.com

Kenzie, 21

Kenzie told her neighbor that she needed someone to judge her twerking talents. That's the lamest pickup line we've ever heard, but it works for her! She gets a hard dick in her twat for the effort. Bombshell Bea is gorgeous, and she has a secret talent. Her pussy squirts when she cums, and she's showing us up-close when she bursts while riding a dick in reverse-cowgirl position.

Alexia Los Angeles, California

"I lost my virginity to my ex behind the school," Alexia confided in us. "We were making out, and he was fingering me while I jerked him off. Then, he spun me around and fucked me doggie-style. I actually came, which I understand is rare for the first time. It was a great intro to screwing."

We asked Alexia to describe the best sex she's ever had. "It's hard to say. I've had a bunch of threesomes and stuff, and that's a lot of fun, especially with another girl, but it's also distracting. I prefer one-on-one sex with someone I'm emotionally connected to. That makes it special."

Raise your pom-poms!

"I was a goody-two-shoes in school. I took a lot of advanced placement classes and was on the varsity cheer team. I still have my cheer-leading outfit, and I've worn it for exes in the bedroom before. It still fits like a glove!"

SEX IN SPACE

With private space flights now dominating the news cycle, and celebrity billionaires inviting their friends on launches, it begs the question—what's the deal with sex in space? Has anybody ever done it? Would it work? And, can we try? Here's everything you ever wanted to know about shagging in orbit.

First of all, all major space agencies and private space companies have denied the existence of interstellar hanky panky aboard their ships. Mark Lee and Jan Davis are the only married couple to have ever flown together in space, having embarked aboard the Space Shuttle Endeavour in 1992. Mark and Jan kept their marriage a

secret until it was too late for NASA to substitute and train a replacement. They stated that they didn't consummate their marriage amongst the stars, although one can imagine they would keep their tryst top-secret if they had. That being said, the logistics of gettin' down in a cramped capsule surrounded by colleagues isn't very romantic, so they could be telling the truth. The International Space Station, however, is roomier and allows astronauts a little more room to stretch. Unfortunately, no brave explorers have stepped forward to admit they've done the deed up

-The left ball usually hangs lower than the right one for right-handed men. For lefties, the opposite is true.

-Only around 15 percent of men have a package longer than seven inches. Only three percent of men account for dongs longer than eight inches.

-Jonah Falcon, a native New Yorker, claims to have the world's longest penis. It's nine and a half inches when he's flaccid, and it's 13 and a half inches erect.

-There's no correlation between the size of an erect penis and its flaccid state. Some guys grow, and some guys show.

Katlynn

Saginaw, Michigan

Strap in, gentlemen. Katlynn is a wild ride. "I'm an adventurous person. I'll try anything once...maybe twice," she said coyly to our cameraman. "I love swingers clubs where I can be the center of attention for a lot of guys. I'm into facefucking until the point of puking. I love getting golden showers and swallowing. I'm into a lot of things."

Katlynn spent a few years as a spokesmodel for car shows. She told us that job allowed her to find plenty of men for hookups. "I would wear these tight-fitting, flirty outfits all day, and I could tell which guys wanted to fuck me. Then, if they waited for me after the show, I'd pick them up and get a hotel room. Sometimes, I'd get two or three of them to join."

On display 24/7.

"I don't think anybody I know would be surprised to find me in a porn magazine. I'm pretty open about my lifestyle. I'm an exhibitionist, and I don't think there's anything wrong about swinging or having anonymous sex for fun."

Hayli

Kiev, Ukraine

Hayli isn't a lesbian, but she loves the ladies a little bit more than she likes guys. She says it's for a bunch of reasons, but the biggest one is that her pussy is too tight for men. "I can only cum from clit play," she explained. "Women are better at oral, and they don't rely on a cock to please their partner. Men just want to get inside."

"I have had boyfriends before, and I've loved them, and sex was great, but I have to really be in the mood to let them fuck me. They have to work up to it with a lot of foreplay. If we kiss, and they touch my breasts and stomach, running their hands up my thighs for a while, I'll be wet enough to let them inside me. Then sex with a man feels amazing."

Close friendship.

"I have an ex-girlfriend who I'm still close with. She's married and has a child, but we still hook up with one another every time she's in town. Her husband knows about it, and he's fine with our arrangement."

Dani Los Angeles, California

Dani packed up her shit and moved to LA after a breakup with a boyfriend. "He was fine, but the relationship wasn't going anywhere, and I needed to get out and explore more about myself. As it turns out, I also needed to get fucked by some other people! I found a new group of people and experimented with a bunch of stuff."

"I'll admit that it's kind of not fair to my ex, but I take care of myself a lot more now that I'm single. You don't have to impress someone when you're in a long-term relationship. Now, I keep my pussy nice and shaved all the time, and I work out a ton. I want to make an impact with my one-night stands!"

Chomp on down!

"One of the weirder things that I've discovered turns me on is biting. When a person is going down on me and fingering me at the same time and then moves their head and bites my inner thigh, it drives me absolutely insane."

Leana Gainesville, Florida

Cute student Leana is a nerd. She's currently enrolled in college and is pursuing a double major. If that's not impressive enough, she also likes to fuck like a bunny. "I'm ambitious, I guess," she sighed to our interviewer. "I like to exceed expectations whenever it's possible." Mission accomplished, Leana.

"I decided to try porn because one of my roomies does webcamming. She always has a ton of cash and free time, so I asked her if I could join her for a show. I had never been naked on-camera before, so I was nervous. She stripped me down and told me to masturbate. I made a bunch of cash and I got hooked on the excitement."

"I've always been the shy, studious nerd in the back of the classroom, afraid to speak up. I was kind of that way in the bedroom before I started camming, too. But, I have more confidence now. I'm downright loud now when I masturbate! I had a neighbor in the dorm bang on the wall to tell me to 'shut the fuck up!'"

Mette

Minsk, Belarus

Mette's boyfriend likes taking photographs around Minsk. We've seen his stuff. It's good. Mostly, it's black and white artsy shots of bridges and buildings. But, his best work is of his beautiful girlfriend in the buff. Mette doesn't mind posing because she's so in love with him. She also thinks posing nude is a rush.

According to Mette.

"I don't look at a lot of pornography. I don't like how graphic and rough it looks. But, I think there's something sensual and beautiful about the female body. I would be honored if a stranger liked these pictures of me."

Michelle Tacoma, Washington

Michelle is a redheaded beauty from the Pacific Northwest. She's young, pretty, has alabaster skin, a shaved pussy and she's as virginal as you're going to get in porn. She only had sex with two guys before she decided to try adult modeling in the pandemic, and she's still dating the second guy. Basically, our entire office has a crush on her.

We wondered what inspired this precocious redhead to dip her toes into the adult modeling pool. "I was looking for something to do during the pandemic. So I started posting pics to Onlyfans, and it went well. I asked my boyfriend if he felt comfortable about guys jacking off to my photos, and he said it was cool. Mostly, it's an excuse to masturbate all day."

Plans for the future.

"Right now, I'm just enjoying the ride. I'd like to get married and settle down someday. But, who knows? I'm having fun right now. I'd like to try something wild in the future. Maybe a gangbang or a massive orgy with tons of hot, fit people."

there. The constant camera feeds, heart rate monitors, daily tasks and reports probably don't help the romantic mood.

Even if two humans decided to throw caution to the wind and shag on the ISS, some things might make the act more complex than terrestrial fucking. Some have posited that it's impossible to get and maintain an erection in space. This claim is not true. A man's biological system is designed to pump blood into the penis. If there were an issue with that essential human function, it would spell more significant problems for our male astronauts' overall heart and circulatory health. Gravity (or the lack thereof) is a more substantial issue for sex in space. If you remember your middle school science teacher talking about Newton's third law, you'll recall that for every action, there's an equal and opposite reaction. Essentially, with every thrust,

NASA trains their astronauts in large pools to prepare for neutral buoyancy.

your partner is going to float in that direction. Without a bed to lie on or ground to stabilize your footing, you would end up flopping like a fish and your partner would float away. Potentially, you could drift into a communications console and end up alerting ground control, like some sort of bad dream.

There have been a few feeble attempts at studying how space sex could work, hoping to figure out how the human race can evolve into a society of long-term space travelers. In 2013, the Inspiration Mars Foundation announced it would be sending a man and a

woman in a stable relationship on a 501-day mission to fly around Mars. Unfortunately, the IMF is now defunct, having never realized that objective. In 2008, Virgin Galactic was offered \$1million from an unknown adult production company to make a film aboard their SpaceShipTwo. However, the company declined. However, fascinated by the idea of floating penises and suspended slits captured on film, Pornhub announced that they would make a porno movie in space in 2015. Pornhub attempted to crowdfund their efforts but fell short of their goal, and the project seems to have run out of steam. The

Ainsley

Fayetteville, Arkansas

This sweet MILF is comfortable on-camera, which is a surprise because she lives a quiet, suburban lifestyle. "I was a carpool mom," Ainsley said. "I raised my kids and I worked. But I always had a little bit of an edge. A little bit of a sexy edge. I've done what people have asked me to do my whole life. Now I'm having fun."

We complimented Ainsley on her tight physique. There aren't too many women her age who keep their bodies in such good shape. "Thanks. I try pretty hard to keep things tight. I run every day, and I have a home gym that gets plenty of my time. I also try to have sex as much as possible. It's the best cardiovascular exercise there is. If you're not hot, sweaty and exhausted when you're done, you're doing it wrong."

College-bound MILF.
"I recently had sex with a 24-year-old. It was okay. It didn't live up to the expectations that I had. I'll try it again with another young guy, though. I'm touring schools with my kid soon, so I'll have plenty of opportunities to find a good one."

Ruth

Jūrmala, Latvia

What's an 18-year-old girl doing spreading her young pussy in a porno mag? Getting off, that's what. "My ex used to take pictures of us having fun. We showed them to our friends, and they loved them. A few of our best friends started doing it, too. It was a lot of fun. It was like a sexy game between us."

Now, that's a dare!

"My best girlfriend dared me to suck off my ex while he was driving and jerk his cum onto my face, then take a picture in front of our old school. I was nervous about blowing in a moving car, but posing with jizz on my face felt natural."

Nata

Munich, Germany

Nata is from northeastern Europe, but she's living in Germany at the moment. She moved there with a boy, but the relationship didn't work out. Oh, well. That guy's loss is our gain. "He would hate to see these photos," Nata told us. "He was so protective and had jealousy issues."

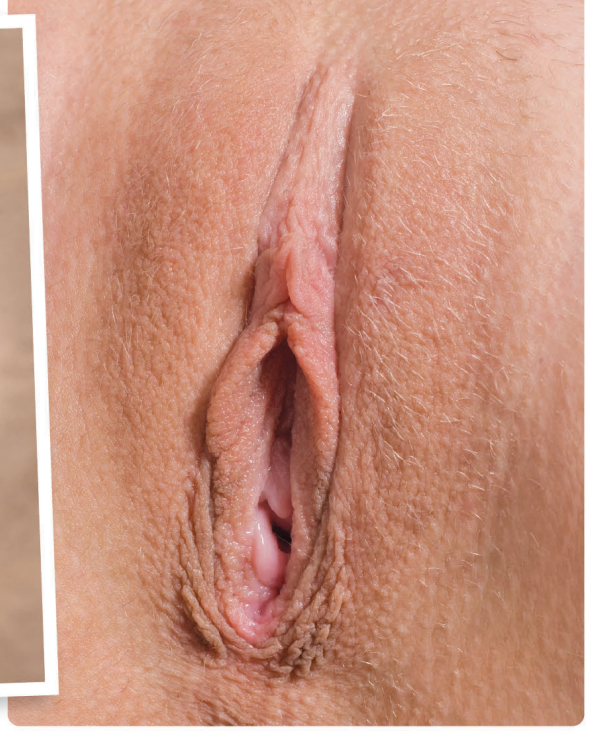

"I danced ballet for a long time. I thought I would do it professionally, but it's so competitive, and I didn't like how much time you have to devote to training. I wanted to go out and party with friends, have flings and spend time just hanging out. I think all of the girls I danced with are still virgins!"

It was a big night.

"I lost my anal virginity the same night I lost my regular virginity. He suggested it, and I figured I might as well try everything all at once. Both were painful at first, and I felt better with the dick in my pussy, but anal was still nice."

only pornographic footage ever filmed in zero gravity is a 20something-second shot from a movie titled *The Uranus Experiment: Part Two* from the company Private Media Group. The film team used a reduced-gravity aircraft, choreographed the whole process and captured the quick penetration of actress Sylvia Saint followed by a cumshot produced by actor Nick Lang. The goo came out sideways, floating out of the tip, reminiscent

of a pornographic lava lamp. Presumably, the clean-up process was a bit of a mess after that flight. Although space stations don't have special sex rooms dedicated to filming adult materials (yet), astronaut Ron Garan confirmed in 2012 that the ISS has a room set aside for "quiet time," which is understood to be a euphemism for masturbation. So, instead of seeing a zero-gravity fuck flick filmed in outer space, perhaps we'll see a solo masturbation video coming soon.

As exciting as the prospect of knocking space boots is, and as much as we'd all like to think that we should make it happen for recreation's sake, there is one primary

reason why NASA and other space agencies want to study space sex. It's pregnancy. In the future, women will become pregnant in space, and we have to figure out what that process looks like. So far, scientists have studied pregnant rats, sea urchins, birds and geckos in microgravity. Unfortunately, the results haven't been promising. The chances of achieving a viable baby are typically lower, and there have been reports of abnormalities. So, more research is needed to ensure those aberrations won't happen to human babies.

Experts are positive that women will become pregnant in space. Humans can't stop themselves from fucking. It's in our DNA, and it doesn't matter where we are, somebody will try to be the first to get lucky there. And, pregnancy does sometimes occur when we copulate. Our closest Earth-bound analog to space stations are Antarctic research stations. With their isolation and harsh outside weather, it's as close as we can get to mimicking space life on our planet. In these small stations, surrounded by barren ice deserts and sterile laboratories where the researchers work 10-hour days, six days a week, life isn't conducive to having active sex lives. Yet, in one 17-year period in those stations, seven female researchers became pregnant. Apparently, isolating people in a near-deadly location thousands of miles from civilization will result in hanky-panky. The same, experts agree, will be true for future space colonies. We'll have to wait and see, but we suspect they are right.

Former US President John F. Kennedy once said, "...the United States was not built by those who waited and rested and wished to look behind them. This country was conquered by those who moved forward—and so will space." Ultimately, if we want to have colonies on Mars or Star Trek-style fleets roaming the galaxy, some lucky couples will have to be the first to fuck amongst the stars. There are real scientific questions about how humans can bang and reproduce in zero-G. But, we'll leave those questions to the experts. In the meantime, we'll just keep dreaming about how much fuckin' fun it will be to screw in space. **N**

Samantha Las Vegas, Nevada

Samantha is a cutie originally from South Carolina but now living in Sin City. She goes swimming every day, likes pole dancing to keep in shape, and she loves masturbating. "I make myself cum twice a day. I'll slip in a buttplug, have a dildo or something inside my pussy and another toy vibing on my clit for a sensory overload."

Some girls like masturbating more than having sex because they feel pressured into making sure the guy has a good time. Not Samantha. "Why would I worry if a guy is having a good time? He's dick-deep inside me. Of course, he's having fun! I don't worry about him too much. I just make sure his cock is hitting the right place, his pace is working well and that I cum when I want."

"My favorite part of fucking is the cum shot at the end. I love watching hot cum shooting out of a thick cock. It's especially nice when the guy is kind enough to coat my titties. I like how creampie feels, and making eye contact with a guy while he cums in me in missionary position is romantic, but it's not...well, it's not very raunchy. I like sex when it looks like the porn I watch."

What a stretch!

"I've loved anal ever since a guy I dated introduced me to it. Ever since I discovered the things my ass can do, I've been obsessed. I've been experimenting with really, really big toys and fisting. It's crazy how much the asshole can stretch."

Nine little tinsel-toothed tarts wrap their lips around thick poles and suck them to stiffness. Then they squeeze them with their tight, little pussies. They love that, but most of all they love it when they get their metal mouths sprayed with hot, sticky jizz. 146 Min. XXX Rated (Blu-ray or DVD)

CUM GUZZLERS POV

It's the first on-camera fuck session for each of these eight horny amateurs. They do what it takes to earn loads of sticky jizz. That's your jizz because this flick is shot POV-style, which means they're sucking your dick while looking up and into your eyes. 160 Min. XXX Rated (DVD only)

NAUGHTY NEIGHBORS HOUSE PARTY

We threw a house party in Miami and when teen tramps Amai Liu, Emy, Linda, Trish and Yness showed up, it quickly turned into a raunchy fuck-fest! These five sluts started sucking and banging dudes in front of everybody! 105 Min. XXX Rated (DVD only)

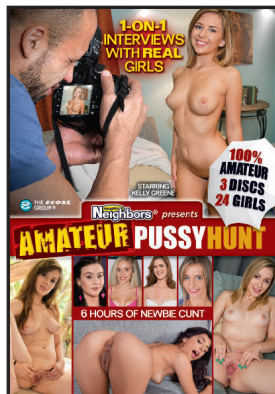

24 AMATEUR CUNTS

Sure, there are more amateurs in this movie than you're going to find anywhere else, but this movie isn't just about quantity. It's about fresh, grade-A quality cunt. These girls aren't the old news, overly-fake girls you'll see other companies shooting. 343 Min. X Rated (Blu-ray or DVD)

JIZZED TEENS 5

They're six young, tight and eager to please teens. They'll swallow your cock till they gag. They want you to pound their pussies until your balls are coated in their girl cum. And what they want most of all is a fat load of jizz on their faces at the end. No cum dodgers here! 139 Min. XXX Rated (Blu-ray or DVD)

AMATEUR PUSSY HUNT

Amateurs from all walks of life share their personal stories. These 24 cuties reveal their sexiest fantasies, deepest desires and most-erotic stories! Then, each and every one of them stripped down and fingered their tight, wet cunts on-camera for the very first time. 342 Min. X Rated (Blu-ray or DVD)

BUSH BABIES 5

It's a jungle down there, but you're the Bush Man who can handle these Bush Babies. And because au naturel means more than hairy pussy, some of these babes have hairy armpits and legs, too. There are 12 girls, all amateurs, and two of them are MILFs. 230 Min. X Rated (DVD only)
